JAIPUR | SATURDAY, JULY 6, 2019

### SPEAK UP

Taxes should be reduced on nutritional supplements and medicines. GST reduction in health centres and gyms would make them accessible to all who desire to follow a healthy lifestyle. It should also reduce the cost of daily food items.

—Dr Anjali Phatak, Senior Nutritionist

No taxes have been levied on low taxpayers, but a surcharge has been levied on individuals with an income of 2 Cr or above. Stress on electric vehicles has been laid by removing import duty. Increase in Customs duty on Gold and fuel will hit Jaipurites.

—Sanjay Mathur, Financial Consultant

Water crisis is threatening the existence of the society and water conservation is the only way to deal with this problem. We can succeed only if we consider it to be a people's movement as suggested by Gajendra Singh Shekhawat.

—Dr Reema Dheer, Professor

Major boost to banks & NBFC's has been given in form of capitalisation & relaxations. Increasing the threshold limit from 250 Cr to 400 Cr in Corporate tax under 25% slab is an applaudable move on the government's part.

—Vishal Sharma, Manager Accounts
